Certificate under 37 C.F.R. 3.73(b)

NANOGEN, Incorporated certifies that it is the assignee of the entire right, title and interest in the patent application identified above. An assignment from the inventors of the patent application identified above is submitted concurrently herewith. To the best of the undersigned's knowledge and belief, title is in the assignee identified above. The undersigned (whose title is supplied below) is empowered to act on behalf of the assignee.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001. Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted
NANOGEN, INCORPORATED
